

Deer Park School District

PLC Goals Workplan

(annual "entry task" for focused evaluation)

District Goal: The district will work to *deepen* its commitment to a collaborative culture (PLC) focused on student growth and building adult capacity. Deer Park's "Priorities for Progress" will be used as key indicators of success in our mission to inspire excellence and prepare students for success in college and career.

School Goal(s):

Current Reality/Rationale (team and/or individual): *Identify "issues" or "challenges" related to student growth. What data or assessment information do you and/or your team presently lack or feel needs improvement? Perhaps this is an area where students consistently struggle... perhaps this is an area where growth has stalled.*

Goals (team goals that can be measured at the classroom level): The goals must be squarely focused on what kids will learn, not solely on what will be taught (goals that speak to either levels of *improvement* or levels of *proficiency*)

Key Topics/Targets	Strategies and Action Steps	Timeline	Evidence
What are the topics covered and the targets that will be learned?	What will I/we <i>do</i> to reach this/these goals?		<ul style="list-style-type: none"> • Provide evidence collected outside of a classroom observation • Authentic artifacts of teaching and learning • Student growth goals and outcomes (goal sheets and/or assessment data) • Evidence of professional growth activities (training/PG log)
